Laser for pigmented areas such as age and sunspots on face and body.

**Photo Facial Laser**- \$250

Get a quick glow

**Micro-needling + PRP** \$595

- or as low as \$32 per month-

To reduce the visibility of acne scars and fine lines, effectively rejuvenating the skin's tone, texture, color and appearance overall plus the plasma component taken from your blood that contains special proteins that support cell growth.

**Micro-needling + Exosome** \$495

- or as low as \$34 per month-

Exosome therapy is comparable to PRP therapy; However, the most significant distinction is that these growth factors are not extracted from the patient's own blood; instead, they are produced in a laboratory.

Uses a pen-like device that discharges a high-frequency electric current to small areas of the skin. The plasma tip doesn't directly touch the skin, but instead releases a targeted current just above the skin. The hot current creates small holes, or micro-injuries, in the skin's layer.

**VI-PEEL**- \$250 per session

Medical grade chemical peel

**Face Works Signature Facial**: \$180.00

45 min Facial with red light
